SUMMARY

This bill requires the Department of Education to develop and distribute a course on personal finance for use by secondary schools in the State to help students attain financial literacy. The course must include instruction in purchasing, using credit, budgeting, saving and investing, banking, simple contracts, state and federal income taxes, personal insurance policies and renting or purchasing a home. Beginning with the 2012-2013 school year, all secondary schools must include the personal finance course as part of the mathematics instruction required to obtain a high school diploma.
